

GRANDARCH

OKAN CELIK
ARCHITECT

What We Offer

Infrastructure & Urban Solutions

- Tanks (1 – 1000 liters)

Environmental & Waste Management

- Zero Waste Units

Urban Furniture & Playgrounds

- Play Group Equipments

Outdoor Living & Sports

- Outdoor Sports Equipment

GRANDARCH

What We Offer

Product Categories

From 1 to 1000 Liters - Waste Containers for Every Need, Every Size!

From the hygiene standards of hotels to the urban needs of municipalities

From the tough conditions of construction sites to the fast pace of industrial zones – our galvanized, sheet metal, and stainless steel waste containers are built to serve every environment.

Durable, long-lasting, eco-friendly, and smartly designed, our containers elevate your waste management solutions.

Whether it's 1 liter or 1000 liters – get the right container with the reliability of GrandArch.

Water Tanks: Vertical and horizontal water tanks and portable water drums for industrial and potable-water applications.

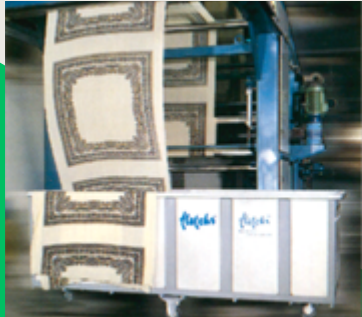

Food Storage Tanks: Pickle tanks, wide-mouth tanks and horizontal transport tanks designed to meet food-safety and hygiene standards.

Acid Tanks: Vertical, horizontal/prismatic acid tanks and dosing tanks built for chemical resistance and precise dispensing.

Textile Carts: Square, cylindrical and tub-type carts providing ergonomic solutions for fabric handling and storage.

Cleaning Systems: Modular waste-management units—including waste stations, bins, carts and industrial wagons—for urban environments.

Planters: UV-resistant, decorative planters in various sizes for urban landscaping projects.

What We Offer

Product Categories

Playgrounds and Outdoor Urban Equipment

Play safe. Live strong. Designed to last.

At GrandArch, we offer a wide range of playgrounds, outdoor fitness equipment, benches, gazebos, waste bins, and recycling stations — all designed with durability, safety, and aesthetics in mind.

Our products are:

- Manufactured in compliance with international safety standards,
- Made from non-toxic, health-safe materials,
- Built with weather-resistant components for long-lasting performance,

Supported with comprehensive technical services, from installation to maintenance.

We are committed to maintaining the highest quality standards while delivering modern, functional, and safe urban equipment — ensuring that children, families, and communities enjoy well-designed and secure outdoor spaces.
